Your dream floor at a real world price. Clix gives you the style and durability you want for your home, at a price you will love.

Clix is manufactured in Europe from the finest materials, and with attention to every detail, providing unsurpassed ease of installation and quality of finish.

Clix will stand up to almost anything you can throw at it, with its high density panels and tough melamine finish.

Its hygienic surface will not hold onto dirt or bacteria, and provides a low maintenance surface your family can live with.

Clix is certified low emission and environmentally friendly, so thinking green has never been easier.

With 8 striking decors, now everyone can have their dream floor.

=

Warranty only valid with use of Uniclic® installation kit, recommended underlay and cleaning product.
